- Step 1 Fund top scoring projects within each district eligible for DGP funds using DGP funds until remaining funds are insufficient to fund the next highest scoring project.
- Step 2 Fund top scoring projects within each district that would have otherwise been funded with available DGP funds, but were not because they are only eligible for HPP funds, using HPP funds, as long as their SMART SCALE cost does not exceed the total amount of DGP funds available to be programmed based on their rank, including any other Step 2 projects ranked higher.
- Step 3 Fund remaining top scoring projects statewide eligible for HPP funds using HPP funds until remaining funds are insufficient to fund the next highest scoring project.
