RESOLUTION OF THE COMMONWEALTH TRANSPORTATION BOARD

March 15, 2007

MOTION

Made By: Mr. Witt Seconded By: Mr. White Action: Motion Carried, Unanimously

Title: Statewide Abandonment and Discontinuances in the Primary and Secondary System of State Highways

WHEREAS, the projects listed below, by construction district, relocated segments of existing Primary and secondary system roadways to new alignments, causing the segments identified (a) to be no longer necessary as public roads, since a new road serves the same citizens as the old, or (b) to no longer provide a public convenience that warrants maintenance at public expense; and

WHEREAS, the abandonment of a road extinguishes the road as a public way, eliminates the need for VDOT to maintain the segment described, and makes it possible for the right of way to be conveyed by the Board or the local government, according to the ownership of the underlying fee title; and

WHEREAS, certain roadways that no longer provide sufficient public convenience to warrant maintenance at public expense may still be used under the control of local government officials, following the Board's discontinuance of said roads, pursuant to §33.1-150, Code of Virginia 1950, as amended; and

WHEREAS, the discontinuance of a secondary road relieves VDOT of maintenance responsibility, transfers jurisdiction over the road to local road officials, and preserves the roadway as a public corridor;

NOW, THEREFORE, BE IT RESOLVED, that the roadway segment identified below and depicted on the sketch for project 0360-041-102, C-501, is hereby ordered abandoned as part of the Primary System of State Highways effective this date, pursuant to § 33.1-148 of the *Code of Virginia*, 1950, as amended.
