CTB Decision Brief

Economic Development Access – Bland County Bland County Industrial Park – De-allocation of Funds

Issue: Economic Development Access Program funds previously allocated provide access to the planned Bland County Industrial Park in Bland County is no longer needed because Bland County's plans for the development did not proceed as anticipated. The County has stated to the Virginia Department of Transportation (VDOT) that the previously planned and approved access road project is no longer required and therefore the funding will not be utilized.

Facts: Section 33.2-1509 of the *Code of Virginia* provides for the Commonwealth Transportation Board (CTB) to expend funds set aside for constructing access roads to economic development sites on which certain establishments as prescribed or other establishments that meet the basic employer criteria as determined by the Virginia Economic Development Partnership in consultation with the Virginia Department of Business Assistance will be built under firm contract or are already constructed.

The Bland County Board of Supervisors requested funding from the Economic Development Access Program to assist in providing road access to eligible property within Bland County Industrial Park. The access road project was neither constructed nor initiated, and no charges have been made against the project's Economic Development Access Program allocation.

Recommendations: VDOT staff recommends that Project ECON-010-822, M501 be cancelled and that the \$650,000 allocation for this project be returned to the Economic Development, Airport and Rail Access Fund in order that the funds may be made available for new projects.

Action Required by the CTB: The *Code of Virginia* and the CTB's Economic Development (formerly, Industrial) Access Policy specifies that the CTB shall approve the allocation of funds for the construction of access road projects. Having established the Bland County Industrial Park access road project and allocated funding by resolution, it is now recommended that the CTB rescind its original action for this project. The October 17, 2013 resolution is also attached for reference.

Result, if Approved: The \$650,000 total allocated to this project will be returned to the Economic Development, Airport and Rail Access Fund and made available for allocation to new projects.

Options: Approve, Deny, or Defer.
