Agenda item # 8

RESOLUTION OF THE COMMONWEALTH TRANSPORTATION BOARD

June 20, 2017

MOTION

Made By: Mr. Connors, Seconded By: Mr. Whitworth
Action: Motion Carried, Unanimously

Title: FY18 Surface Transportation Block Grant Program (STBGP)
Transportation Alternatives Set-aside Projects Approval

WHEREAS, at the July 17, 2013 Commonwealth Transportation Board meeting, the Board adopted a resolution establishing the Policy for Selection of Transportation Alternatives Projects and Process for Transportation Enhancement/Transportation Alternatives Program De-allocation, Project Transfer, and Inactive Projects (Transportation Alternatives Policy); and

WHEREAS, pursuant to the Policy, the Commonwealth Transportation Board shall approve the selection of projects to be allocated Transportation Alternative Program funds on an annual basis and in accordance with § 33.2-221 of the *Code of Virginia*; and

WHEREAS, the federal Fixing America's Surface Transportation Act (FAST Act), a federal act authorizing funds for Federal-aid highways, highway safety programs, and transit programs, and other purposes was enacted in 2015 and provides for a Surface Transportation Block Grant Program using Federal Transportation funds and state or local matching funds; and

WHEREAS, the FAST Act provides that a portion of the Surface Transportation Block Grant Program will be set-aside for projects eligible for funding pursuant to the FAST Act's STBGP Transportation Alternatives Set-aside; and

Resolution of the Board
FY18 Surface Transportation Block Grant Program Transportation Alternatives Set-aside
Projects Approval
June 20, 2017
Page Two

WHEREAS, pursuant to the FAST Act, a portion of the STBGP Transportation Alternatives Set-aside will be made available for project selection to Metropolitan Planning Organizations serving Transportation Management Areas with a population of over 200,000; and

WHEREAS, applications for the STBGP Transportation Alternatives Set-aside funding have been received and project selections have been completed, in accordance with and utilizing the Commonwealth Transportation Board policies and criteria for the Transportation Alternatives Program.

NOW, THEREFORE BE IT RESOLVED, the Commonwealth Transportation Board hereby allocates the Surface Transportation Block Grant Program fund amounts to projects as set forth in the Final Surface Transportation Block Grant Program Transportation Alternatives Set-aside Allocations for FY18 list, attached hereto as Attachment A; and

BE IT FURTHER RESOLVED, the Commonwealth Transportation Board hereby authorizes the Virginia Department of Transportation to enter into project agreements to carry out funding of the Transportation Enhancement, Transportation Alternatives, and Surface Transportation Block Grant Program Transportation Alternatives Set-aside programs.

#####

CTB Decision Brief

FY18 Surface Transportation Block Grant Program (STBGP) Transportation Alternatives Set-aside Projects Approval

Issue: The Virginia Department of Transportation (VDOT), pursuant to the authority granted to the Commonwealth Transportation Board (CTB) in § 33.2-221 of the *Code of Virginia*, seeks the CTB's approval of allocations of federal Surface Transportation Block Grant Program Transportation Alternatives Set-aside funds to projects selected for such funding and located throughout the Commonwealth of Virginia.

Facts: The federal Fixing America's Surface Transportation (FAST) Act enacted in December of 2015, provides for a Surface Transportation Block Grant Program (STBGP) which includes a Set-aside for Transportation Alternatives, using federal funds and state or local matching funds.

- The FAST Act provides federal transportation funds for distribution both statewide and based on areas within the state meeting specified population criteria.
- Pursuant to the FAST Act, a portion of the STBGP funds set aside for Transportation Alternatives must be made available for project selection to Metropolitan Planning Organizations serving Transportation Management Areas with a population of over 200,000.
- Fiscal Year 2018 applications for Transportation Alternatives Program project funding have been received and proposed project selections have been completed, based upon the policy and criteria adopted by the CTB on July 17, 2013, governing the selection of Transportation Alternatives Program projects, which policy and criteria are consistent with the requirements for projects funded with the STBGP Transportation Alternatives Set-aside. The projects proposed for funding pursuant to the STBGP Transportation Alternatives Set-aside are identified in Attachment A.
- Section 33.2-221 (A) of the *Code of Virginia* provides the CTB with the power and authority to comply fully with both present and future federal-aid acts.

Recommendations: VDOT recommends that the CTB approve allocation of the Surface Transportation Block Grant Program fund amounts to those projects as set forth in the attached Final Surface Transportation Block Grant Program Transportation Alternatives Set-aside Allocations for FY18 list (Attachment A).

Action Required by CTB: To approve the resolution and Final Surface Transportation Block Grant Program Transportation Alternatives Set-aside Allocations for FY18 list (Attachment A).

Result, if Approved: After Statewide Transportation Improvement Program approval, the funds allocated by this resolution will become available for project development.

Options: Approve, Deny, or Defer
