

WHAT'S THE PLAN?

VTrans is the mid- and long-range, statewide multimodal transportation plan that provides the overarching **vision, goals, and objectives** for transportation in the Commonwealth of Virginia.

VTrans identifies baseline transportation conditions, **measures, and key performance indicators** of future success.

VTrans identifies the demographic, economic, environmental, and technological **trends, drivers, and opportunities** and their potential influences on transportation and Virginia's economic development and competitiveness.

VTrans identifies **mid- and long-term needs** and the **implementation strategy** to achieve the Commonwealth's vision for transportation.

WHAT'S NEW FOR THE VTRANS UPDATE?

KEY THEMES

Resilient Infrastructure

Planning to ensure more resilient transportation infrastructure for fewer disruptions and fewer closures due to natural events

Smart Infrastructure

Planning to leverage technology and prepare for the 5G society

Smarter Investments

Planning to achieve a higher rate of return on the Commonwealth's transportation investments

VTRANS WILL EXPLORE:

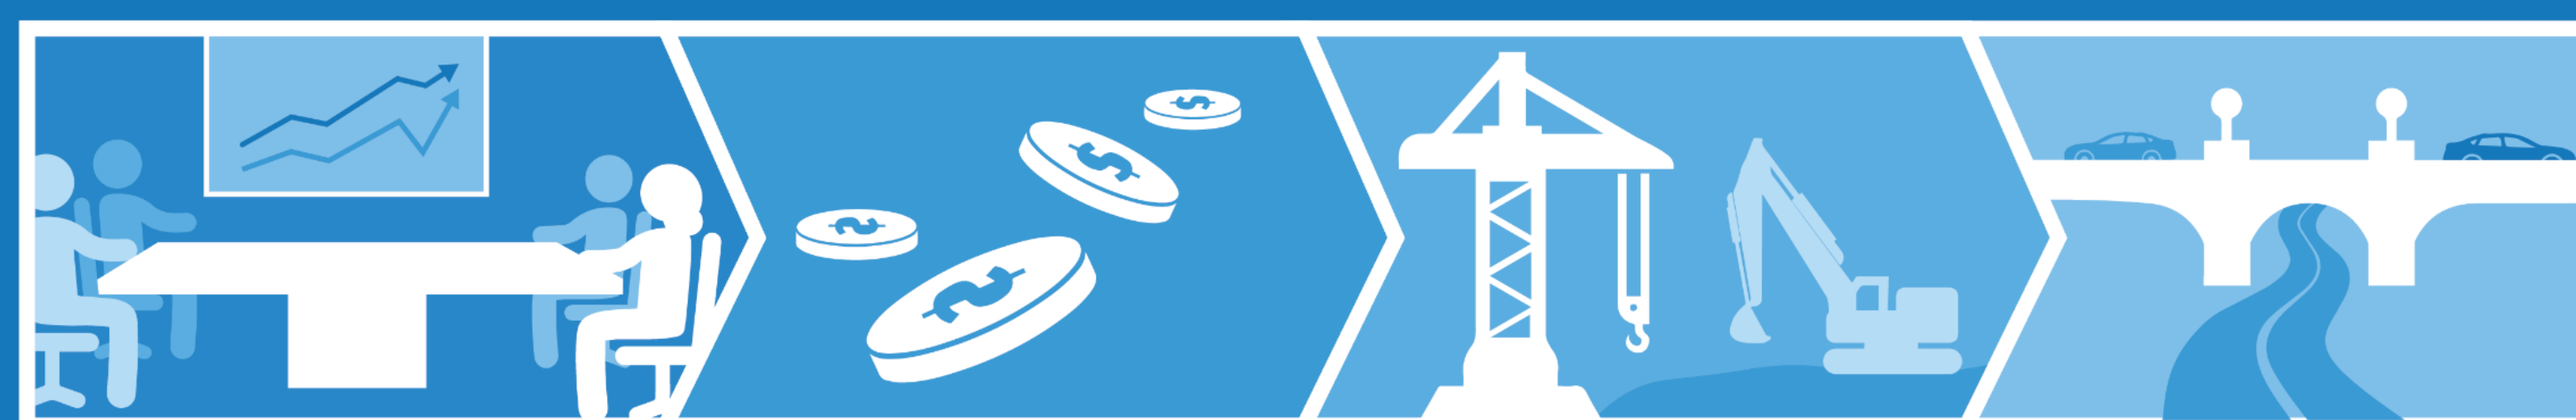

Trade-offs and Opportunity Cost

In light of limited funding, planning to identify trade-offs associated with different investment options (ex. expansion vs maintaining current infrastructure)

Planning to Identify Future Funding Options

Planning to identify potential options to ensure that reliable funding sources are available to invest in transportation and to keep Virginia's economy competitive into the future

WHAT DOES THIS MEAN FOR ME?

PLANNING

FUNDING

CONSTRUCTION

COMPLETION

VTRANS

The VTrans Needs Assessment must, at a minimum, **assess capacity, and operational needs** for all corridors of statewide significance, regional networks, and improvements to promote Urban Development Areas (UDAs).

SMART SCALE

Virginia's SMART SCALE program is about picking the right transportation projects for funding and ensuring the best use of limited tax dollars.

It is the method of scoring projects that **address transportation needs identified in VTrans** for funding by the CTB.

HOW TO GET INVOLVED?

FALL 2018

Attend Fall Transportation Meeting ✓

Sign up for VTrans Newsletter and email distribution list

Follow VTrans on Facebook & Instagram

WINTER 2018-19

Visit VTrans.org for project updates

SPRING 2019

Attend VTrans Public Meetings to provide feedback on Vision and Priorities

Participate in VTrans Statewide Survey

SUMMER 2019

Be on the look out for VTrans pop-ups at local events

FALL 2019

Attend Public Meetings to provide feedback on Mid- and Long-Term Needs
