## CTB Decision Brief

### **Title: Approval of I-66 Commuter Choice Program of Projects and Inclusion into FY 2020-2025 Six-Year Improvement Program**

**Issue:** In accordance with the Transform 66: Inside the Beltway Memorandum of Agreement (MOA) between the CTB, VDOT and the Northern Virginia Transportation Commission (NVTC), as amended, NVTC, on June 6, 2019 approved its third program of multimodal projects for the I-66 Commuter Choice Program. The new Program of Projects requires CTB approval for inclusion into the Six Year Improvement Program (SYIP) for FY 2020-2025. DRPT and NVTC staff briefed the CTB on the NVTC multimodal program development process at the CTB workshop on May 14, 2019 in Arlington. The total cost of the proposed Program of Projects is \$19,649,539 and includes 12 projects to be implemented by five separate entities as well as NVTC program administration costs. A list of the projects approved for funding by NVTC is attached. Projects are referred to as “Components” in the MOA and the attached resolution.

**Facts:** A Memorandum of Agreement (MOA) between the CTB, VDOT and NVTC relating to the implementation of the I-66 Commuter Choice Program was approved by the CTB on December 9, 2015 and executed on January 5, 2016. The MOA was subsequently amended, restated and executed by the three Parties on January 5, 2017. The MOA delegates to NVTC the authority to select and administer the implementation of multimodal projects that are specifically designed to attain the improvement goals for the Transform 66: Inside the Beltway Project and to be financed from a portion of the toll revenues from the facility. The MOA outlines the process to be used by NVTC for selecting multimodal projects to be funded with toll revenues and it requires the CTB to give final approval to the program of multimodal projects by allocating funding for the projects in the SYIP. Between fall 2018 and spring 2019 NVTC issued a call for projects, received and evaluated project applications, developed the proposed program of multimodal projects (with input and guidance from DRPT and VDOT), received public input and, on June 6, 2019 approved a program of multimodal projects for funding. The total cost of the proposed Program of Projects is \$19,649,539 and includes 12 projects to be implemented by five separate entities as well as NVTC program administration costs. A list of the projects approved for funding by NVTC is attached.

**Recommendation:** DRPT recommends that the CTB approve the proposed I-66 Commuter Choice Program of Projects and include funding for the projects in the SYIP for FY 2020-2025. DRPT staff provided input and guidance to NVTC throughout the development of the proposed Program of Projects and coordinated a legal review of the program with the Office of the Attorney General. DRPT is satisfied that the proposed I-66 Commuter Choice Program of Projects was developed in compliance with the MOA and that the selected components meet the improvement goals of Project.

**Action Required by CTB:** Approval of the attached resolution to allocate \$19,649,539 in funding for the 12 identified multimodal projects in the SYIP for FY 2020-2025.

**Options:** Approve, Deny or Defer.
