Agenda Item 4: Action on Economic Development Access Fund Policy (Revision). Referenced by attachment of Resolution and Decision Brief.

Mr. Koelemay indicated that he felt this was a better coordinated program and one that would respond in a more timely way.

Mr. Bowie spoke regarding the recommendation of VDOT staff on the two year grace period that would be deleted with this change. Mr. Bowie indicated that the localities that need this program most are the ones who have difficulties attracting new growth.

Mr. Davies relayed a situation in the Culpeper District that struggled with this issue. The community in question was moving from a rural experience to a rapid

growth experience. The community was a transitional community that got caught up in a situation where they had to pay monies back when they could least afford too. This extension would recognize that they (communities) don't control the industries; the result was they did not get started in that five year window, but were started in the two year window.

Mr. Koeleмай suggested that additional time given to a community would actually be using monies that might produce better economic development at the state interest in another location.

Prior to the vote on this item, Mr. Bowie made a motion to amend section five of the resolution as follows; *in the event that after the Department of Transportation has been reimbursed but still within 24 months immediately following the end of the five year period the access funds expended come to be justified by eligible capital outlay of one or more eligible establishments, then the locality may request a refund of one half the sum reimbursed to the Department of Transportation, which request may be granted if the funds are available on a first come, first serve basis, in competition with applications for access funds from other localities.* This motion was seconded by Mr. Keen.

The vote on the motion to amend was taken by roll at Mr. Bowie's request, results as follows:

Yes; Mr. Sevila, Mr. Martin, Mr. McCarthy, Mr. Bowie, Ms. Connally, Mr. Davies, Mr. White, Mr. Keen, Ms. Dragas, Mr. Witt, Ms. Carter.
No; Mr. Koeleмай.

Motion to amend the resolution was passed.

A vote was then called on the resolution as amended.

Moved by Mr. Martin, seconded by Mr. Bowie.

The motion was seconded by Ms. Dragas, motion to amend approved.

The Chairman then gave each Board member an opportunity to comment on the Six Year Improvement Program and Allocations in front of them, indicating that in the absence of a budget, we fall back onto the November official revenue forecast, that drives very substantial reductions in the program.
